

A FRESH TAKE ON THE LATEST TRENDS
IN MILLWORK AND DESIGN.

SOUNDPLY

FREESTILE

developed & manufactured by

NAVY ISLAND

FREESTILE

A SIMPLE SYSTEM OF READY-MADE
PANELS, STILES, AND TRIM

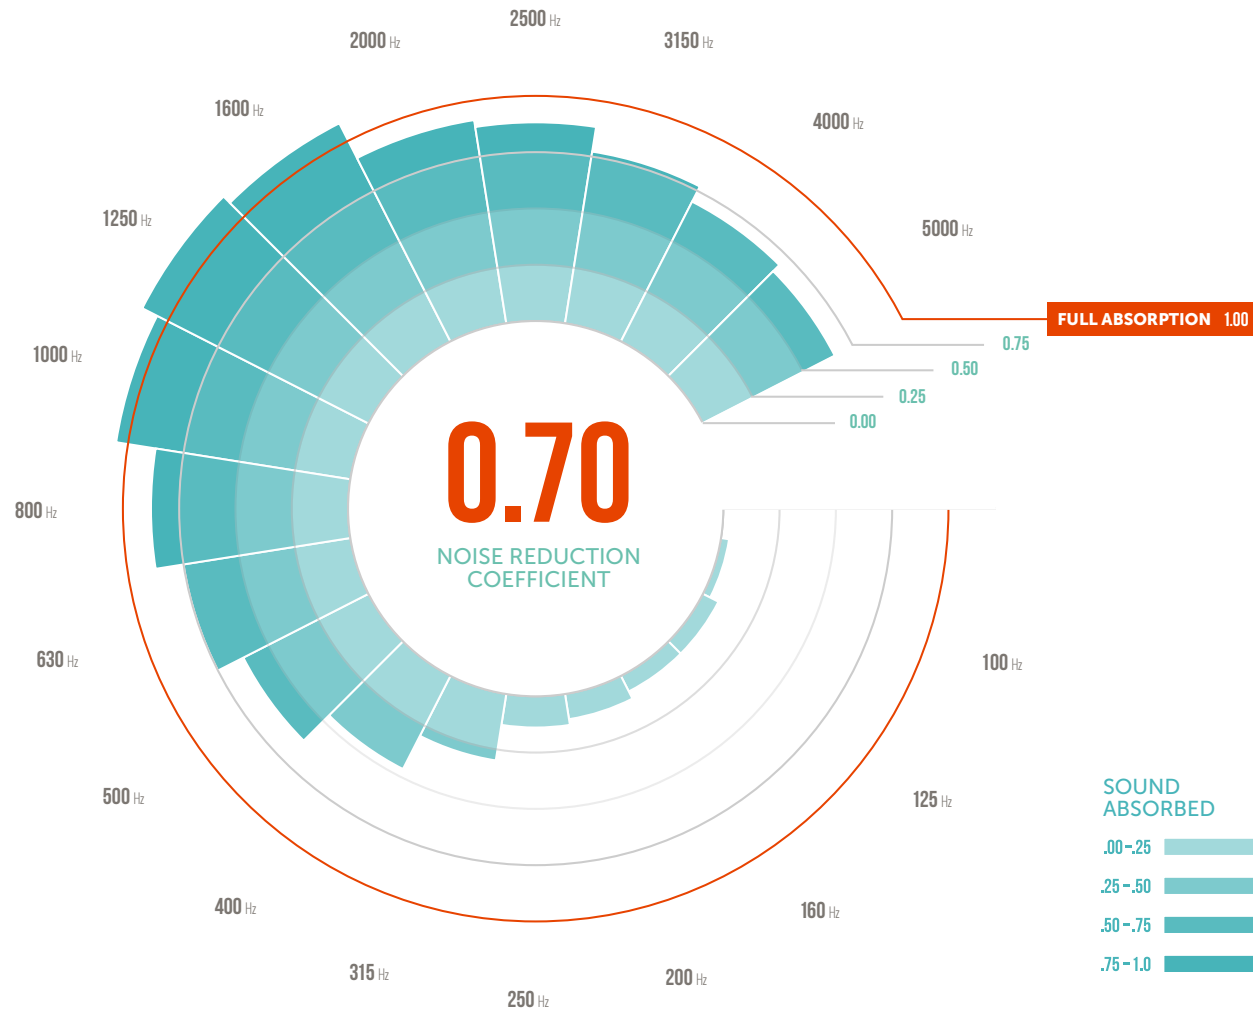

- ADDS QUIET TO YOUR SPACE
- WON'T SHRINK, SWELL, OR WARP
- FAST TURN-AROUND & EASY INSTALL
- FINISHES FROM LIGHT TO DARK
- ENABLES DESIGN VERSATILITY

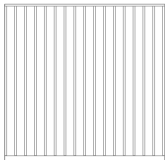

FREESTILE

ADD QUIET TO YOUR SPACE

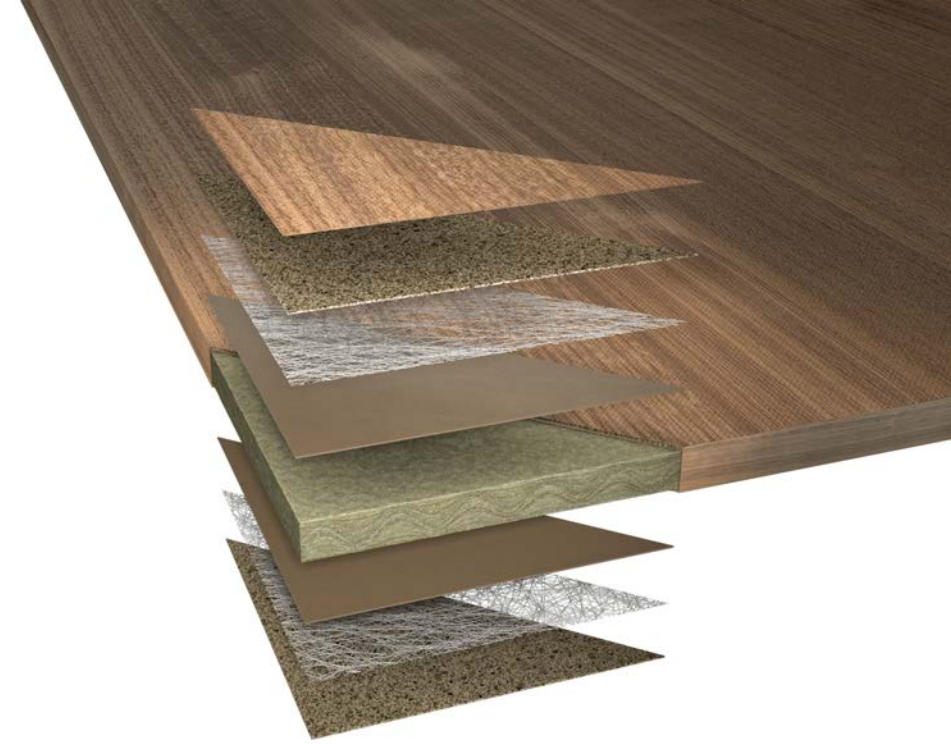

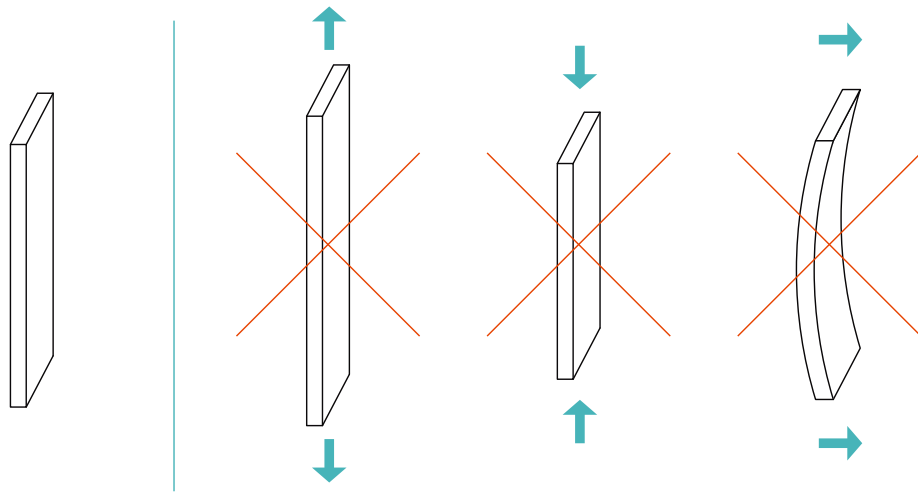

The SoundPly $\frac{3}{4}$ " panels offer a noticeably quieter room as a result of our patented acoustic technologies.

MAPLE

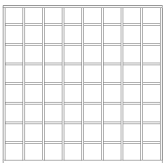

PANELS WON'T EXPAND, CONTRACT OR WARP

SoundPly panels owe their exceptional structural properties to their cutting-edge, patented core construction. The result is a lightweight, stable panel that is secured directly to the wall.

UNLIKE TRADITIONAL HARD PANELS, SoundPly Panels remove the risk of expansion, contraction, and warping.

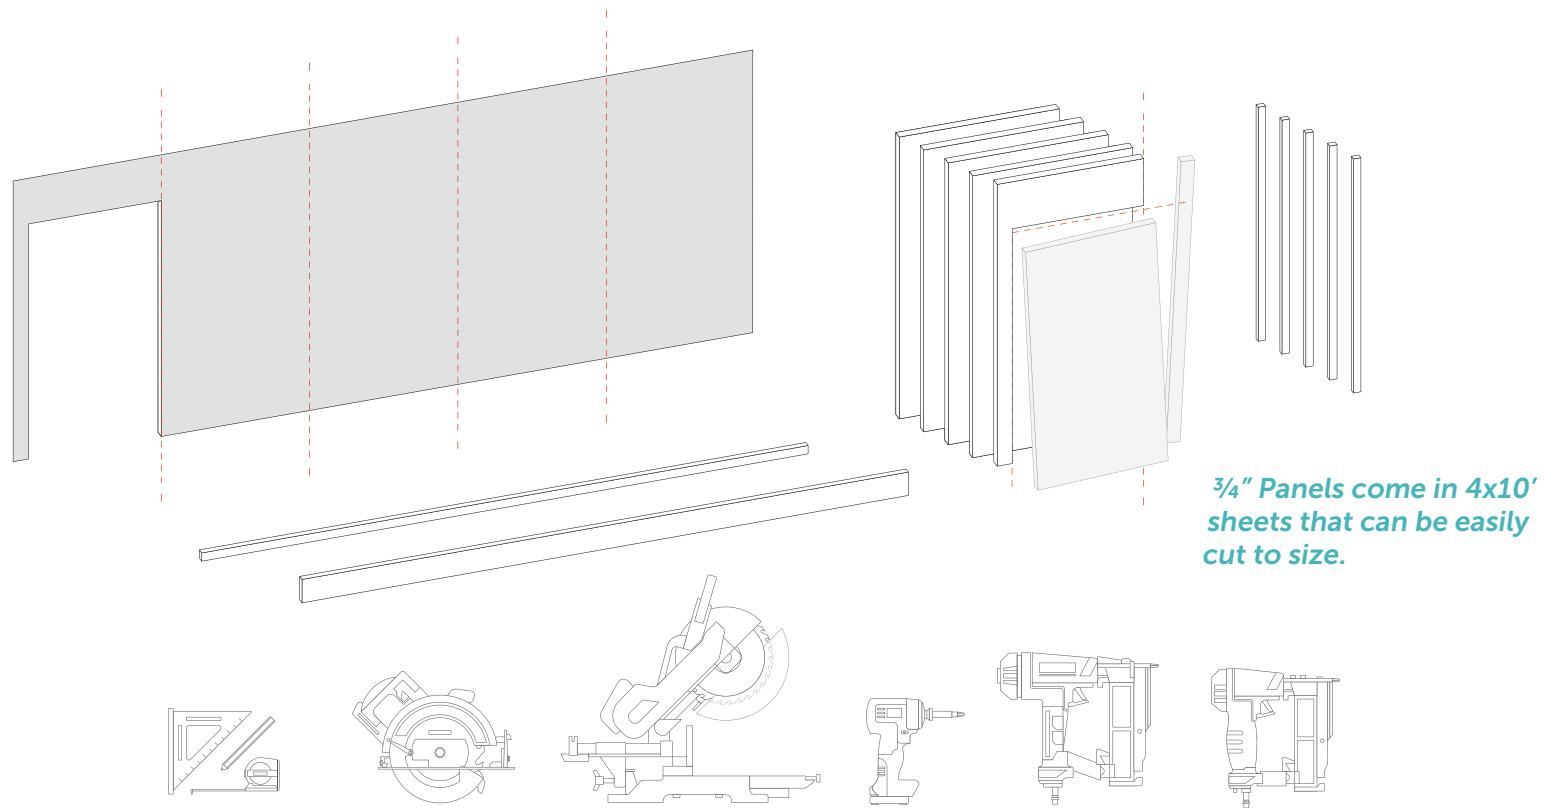

WHITE OAK

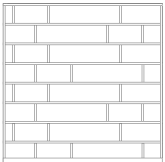

FREESTILE

A READY SYSTEM

Freestile is easily installed with standard tools. Measure, cut and assemble on site for a custom layout specific to your space.

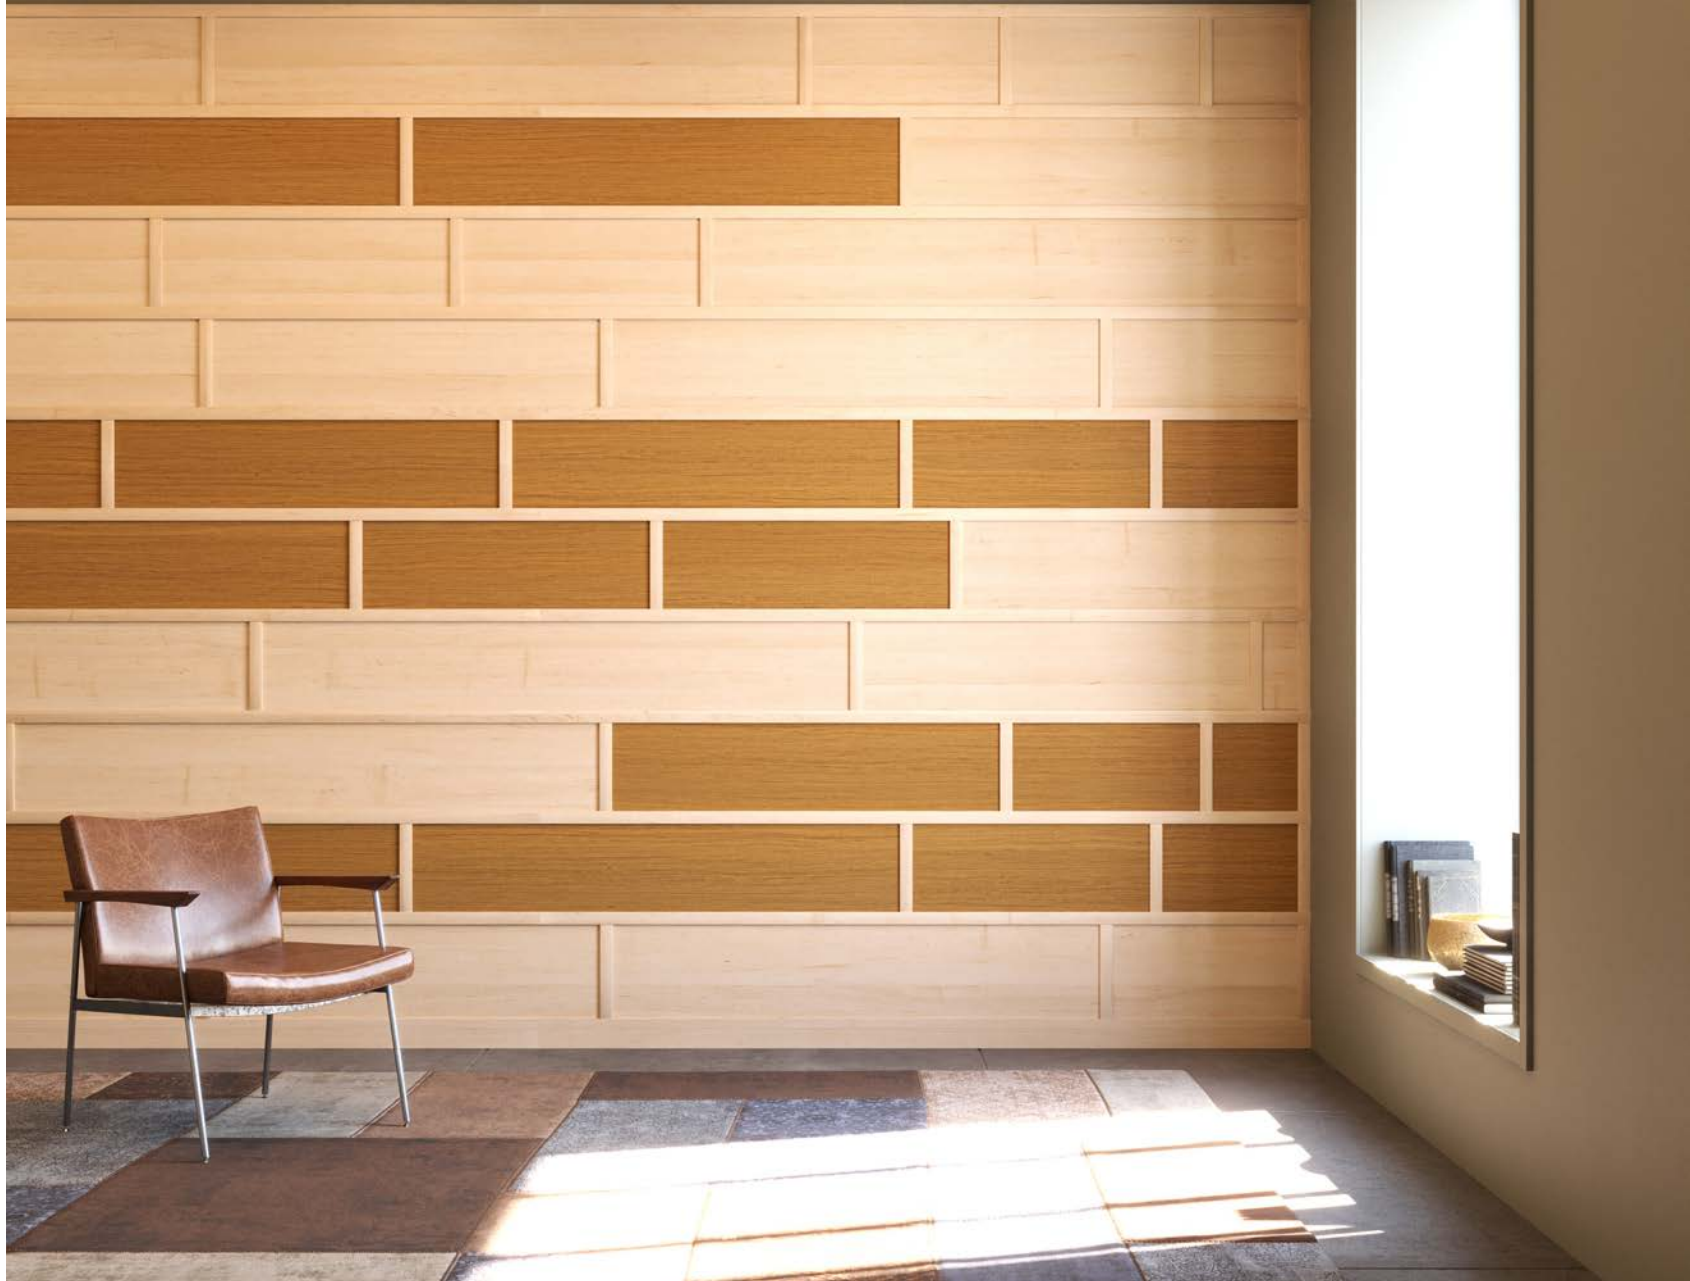

TEAK

MAPLE

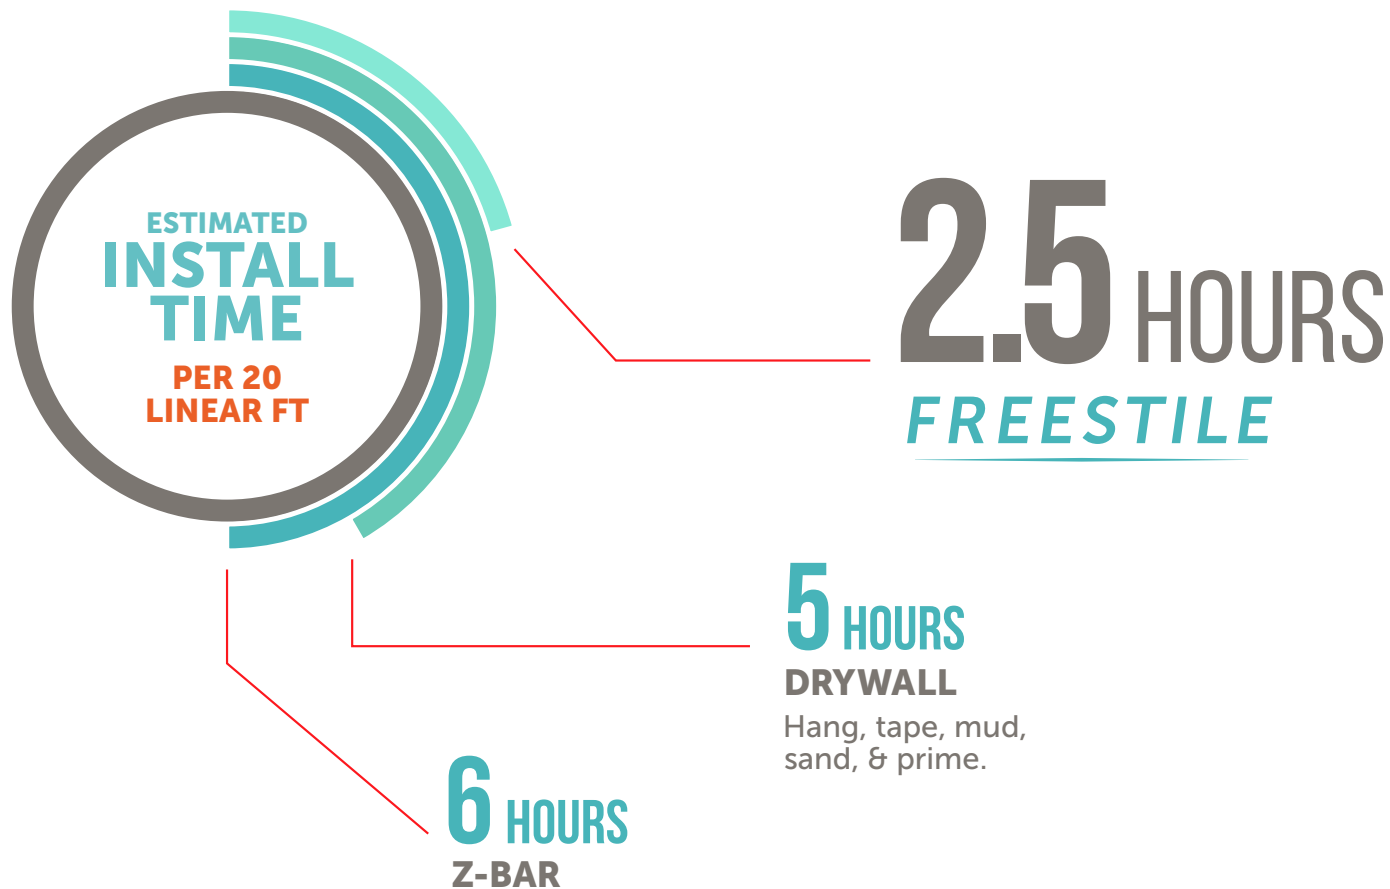

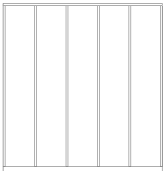

FREESTILE

TIME SAVED

Compare the ease of installing Freestile to other common wall solutions.

WALNUT

FINISH OPTIONS FROM LIGHT TO DARK

Offering a variety of natural wood species to provide you with a wide range of design possibilities.

MATCHING TRIM

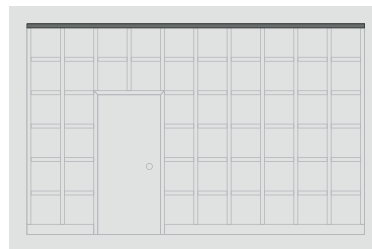

Standard trim with matching veneer that can be cut and installed in a variety of patterns.

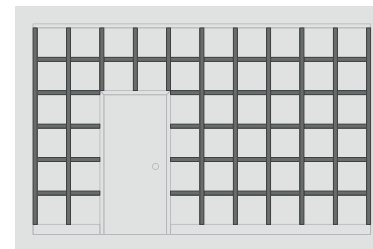

CASING:
2" X 1 1/2"

BASEBOARDS:
5" X 5/16"

TOP RAILS:
1 1/2" X 5/16"

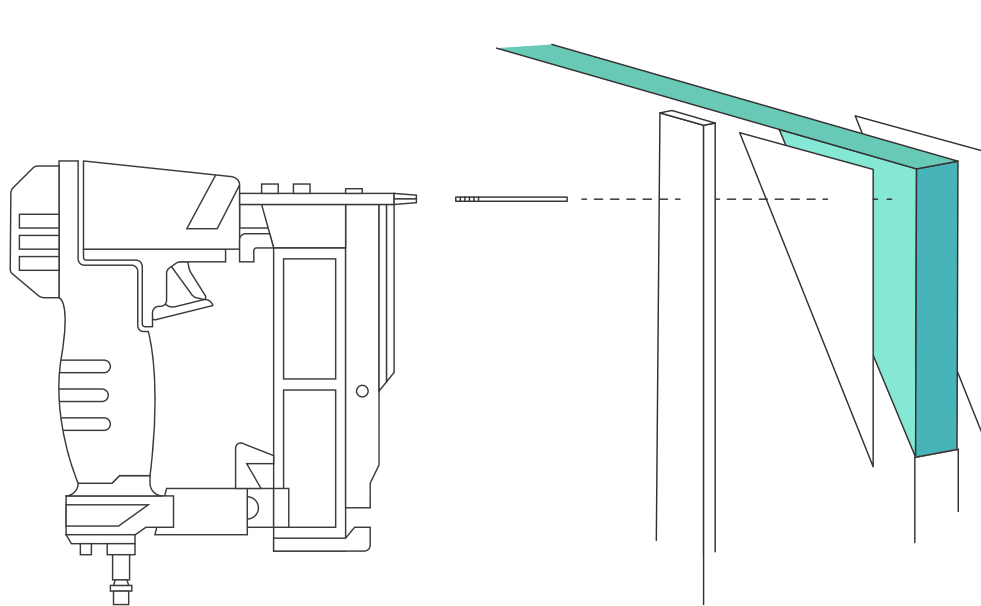

FIELD STILES & RAILS:
1 1/2" X 1/4"

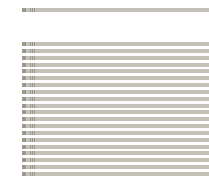

INNOVATIVE FASTENERS

Trim pieces are fastened with nearly invisible, headless pins, designed to fuse securely with SoundPly's engineered polymer core.

PINS (TOP & FIELD)
1 3/16" 23 X GAUGE

BRAD NAILS (CASING & BASE)
2 1/2" X 18 GAUGE

FEELING THE FREEDOM? LET'S TALK.

WE ARE HERE FOR YOU...

From specification to installation, working with Navy Island means having a single point of contact with you every step of the way, coordinating to ensure materials are on time, on grade, and as expected.

You have direct access to the manufacturer and therefore knowledge of the potential options and limits of any product. This lends to efficiency and the ability to customize and/or choose from ready options.

We also handle the details. From schedules and deliveries to fire code, sound ratings, and LEED credits, our expert staff simplify the process so you can focus on the results.
